Customise your Gold plan

Make your Gold plan work for you with our range of optional benefits and plans. All the benefits in this guide are per member per period of cover, unless stated otherwise. Some benefit limits are stated in multiple currencies—the currency that applies to you is the currency in which you pay your premium.

Medevac Plus

As standard on the Bronze plan, we'll organise your emergency medical evacuation should you suffer a life-threatening or limb-threatening condition that cannot be treated locally.

If you choose Medevac Plus, you can request repatriation to your country of nationality (if within your area of cover) or your country of residence following your eligible evacuation. The circumstances under which we'll evacuate you are extended to include advanced diagnostics and cancer treatment that cannot be provided locally.

Direct billing

With direct billing for everyday medical care, you can pay for doctor visits, specialist consultations, and other out-patient treatment with your William Russell membership card. We'll settle your bills directly with the doctor or clinic. This means you won't be left out-of-pocket for your treatment, and you won't have to make a claim to us.

Well-Being Plus

We encourage our members to take charge of their own health. The Gold plan comes with well-being benefits as standard, but you can boost your limits for additional control.

Dental options

You can add cover for complex dental care with our Dental Plus option. The Dental Plus options gives you cover for dentures, bridges, crowns, and dental implants.

Travel plan

The optional travel plan is great value for money, working out at only US\$104 or £62 or €104 per member per period of cover. The travel plan includes US\$85,000 of personal accident cover and US\$4,250 cover for personal belongings and for trip cancellations.

Personal accident plan

With an optional personal accident plan, we'll pay you a cash lump-sum benefit if an accident results in your death, loss of sight, loss of limb or your permanent and total disablement within 2 years of the accident. A personal accident benefit of US\$75,000 costs only US\$9.45 or £6.13 or €9.45 per month.

Tailor your Gold plan

There's a range of tools you can use to tailor your Gold plan to your needs. They will help you put the finishing touches on your health plan, but they can also be used to reduce your premium!

Excess

An excess is the fixed cash amount you pay towards a claim. You must choose one when you first apply for your health plan. You pay the excess for each medical condition, per period of cover. There's a range of excess options, including 'per claim' and 'per annum'.

Area of cover

The area of cover is a feature of international health plans that you don't typically find in domestic plans. The area of cover is the geographic or territorial limits of your plan. In short, it specifies in which countries you're covered. You can choose from three areas of cover, with each one giving you different levels of cover in different countries and regions.

USA cover

None of the areas of cover includes cover in the USA as standard. If you need cover for temporary trips to the USA, we have two options for you: USA-45 and USA-90. Whichever you choose, there is no limit to the number of temporary trips you can make each year. The USA cover options are only available if you have selected Zone 1 as your area of cover.

Payment frequency

When you apply for a health plan, you choose the frequency with which you pay your premium. You can pay annually, monthly, quarterly or half-yearly. Paying your premium annually is the cheapest option overall. If you pay quarterly or half-yearly, you'll pay a surcharge of 3%. If you pay monthly, you'll pay a surcharge of 5%.

Medical underwriting

When you apply for a health plan, we assess your medical records, including any medical conditions or injuries you have suffered in the past. This process is known as medical underwriting. It helps us decide the terms under which we can offer you cover. You can choose from full medical underwriting, moratorium underwriting or switch underwriting.
