The + of MSH: no waiting period for hospitalization and medical expenses, and worldwide coverage of accidents during trips of less than 60 days.

The + of MSH: medical expertise, support during pregnancy and doubling of the coverage limits if there are any complications during the birth.

➤ FIRST'EXPAT+ with optional Medical assistance and repatriation

As a solo expat, we'd advise you to select the Medical assistance and repatriation option: if you have a major health problem, Europ Assistance will organize your repatriation or arrange for your loved ones to join you.

Core benefits:

- Hospitalization and Medical evacuation

Your options:

- Medical expenses+ Personal third-party liability and Legal assistance

- Medical assistance and repatriation

4 levels of coverage:

- Quartz ★
your expenses up to €500,000 or \$625,000
- Pearl ★★
your expenses up to €1,000,000 or \$1,250,000

- Diamond ★★★★
your expenses up to €3,000,000 or \$3,750,000

WHAT IF... ➤ I WANT TO KEEP MY INSURANCE COSTS DOWN?

One way of keeping your premiums down is to choose an **annual deductible**:

€350 / €750 / €2,000 / €4,000 (available in \$).

MSH will only reimburse you once the amount of the deductible has been exceeded. This allows you to **reduce your premiums** while limiting your out-of-pocket expenses, particularly for hospitalization.

➤ I'M GOING HOME TO SEE MY FAMILY. AM I COVERED?

You're covered for emergencies anywhere in the world during trips of less than 60 consecutive days. If you plan to spend a lot of time in a country other than your country of expatriation, and if this country is not already covered in your coverage zone, you can opt to extend your coverage zone (there's more information on these zones on page 14). You'll then be fully covered while staying with your family.

The + of MSH: worldwide emergency coverage and a choice of coverage zones.

CHOOSING THE RIGHT INSURANCE FOR THE USA

The American dream is calling! But before you leave, there are a few things you need to do: complete the administrative formalities in your country of departure, apply for a visa, arrange accommodation... and get information on the Social Security benefits you'll be entitled to once you're there.

When a consultation with a general practitioner can cost \$100, and a day in hospital more than \$800, it's important to choose the right expat healthcare coverage.

Whether you're going abroad on your own or as a family, for just a few months or for the long term, we can provide you with **insurance coverage specially designed for the United States**.

Got any questions? Contact us on or by email at:

WHAT IS COPAYMENT?

In the United States, there's a system of copayment. This is a fixed amount that the insured has to pay towards each medical service or consultation before they're reimbursed. They also have to contribute to hospital and consultation fees. These vary according to the type of plan and the healthcare provider selected (in or out of the medical network).

Consultations with a general practitioner, hospitalization or dental appointments: the cost of these medical services varies greatly around the world. To avoid any nasty surprises, you need to **choose the right level of coverage and reimbursement**.

You're welcome to **contact us** for more information.

PRICING ZONES

To provide you with a **level of reimbursement as close as possible to your needs**, we've classified countries into **5 pricing zones**, from the zone where healthcare costs are the highest (zone 5) to the zones where they're the most reasonable (zone 1).

How does it work?

You're covered:

- ✓ In the zone of your country of expatriation and lower-level zones.
- ✓ Everywhere, for accidents and emergencies during trips of less than 60 consecutive days.

Good to know

- 💡 For greater peace of mind, you can select a zone at a higher level than your country of expatriation.

EXAMPLE

Beatrice moved to Germany and chose our **FIRST'EXPAT+ Pearl plan, zone 2** for her family.

While on holiday in Spain (in zone 3) she broke her leg. As it was an emergency, **we covered her hospitalization**, although she has zone 2 coverage (lower than zone 3).

However, a consultation with an ophthalmologist in Spain to change her son's glasses will not be reimbursed. To be covered, she will need to see a specialist in her country of expatriation.

Recommended package for each pricing zone

- **Zone 5 - Diamond:** USA, as well as the countries in zones 1, 2, 3 and 4.
- **Zone 4 - Diamond:** Bahamas, Brazil, China, Hong Kong, Jersey, Mexico, Saint-Barthelemy, Saint Martin, Singapore, Switzerland, and the United Kingdom, as well as the countries in zones 1, 2 and 3.
- **Zone 3 - Sapphire:** Australia, Austria, Canada, French Polynesia, Greece, Ireland, Israel, Italy, Japan, New Zealand, Portugal, Qatar, Russia, Saint Pierre and Miquelon, Spain, Taiwan, Turkey, United Arab Emirates and Vanuatu, as well as the countries in zones 1 and 2.
- **Zone 2 - Pearl:** Andorra, Angola, Argentina, Azerbaijan, Bahrain, Barbados, Belarus, Belgium, Bolivia, Bosnia and Herzegovina, Bulgaria, Chile, Colombia, Costa Rica, Croatia, Cyprus, Czech Republic, Denmark, Djibouti, Dominican Republic, Ecuador, Finland, Georgia, Germany, Guatemala, Hungary, Iceland, Kazakhstan, Kuwait, Latvia, Lebanon, Liechtenstein, Luxembourg, Malaysia, Monaco, Mozambique, Netherlands, Nigeria, Norway, Oman, Panama, Peru, Saudi Arabia, Slovakia, South Africa, Sweden, Thailand, Ukraine, Uruguay, Venezuela, Vietnam and Wallis and Futuna, as well as the countries in zone 1.
- **Zone 1 - Quartz:** worldwide (including France) excluding the countries in zones 2 to 5.

This insurance plan has been designed to meet the needs of people living abroad for more than a year. The **minimum period of membership is 6 months**. The plan is automatically renewed for one year on the anniversary date unless you ask for it to be terminated.

We'll reimburse you in the currency of your choice, unless it's illegal to make a payment in that currency under international banking regulations.

Your coverage starts on the effective date you selected when you purchased the plan (the 1st or 15th of the month), and no earlier than the day following the purchase.

➤ CAN I PURCHASE THE INSURANCE FROM ABROAD?

No problem, you can purchase the insurance directly via your broker:

➤ ARE THERE ANY WAITING PERIODS?

Yes, there are waiting periods (also known as qualifying periods) on our plans for:

- **psychiatric care and treatment**
- **the dental, vision and maternity options**

For hospital care and routine healthcare (visits to a doctor, purchasing medication, etc.), there's **no waiting period and you'll be covered as soon as your application for enrollment has been accepted**. For more information, please refer to the benefits schedule.

➤ HOW DO I TERMINATE MY PLAN?

The plan is automatically renewed on the anniversary date. If you no longer need the coverage, you can terminate it:

After the first 12 months of enrollment: at any time, by contacting us with one month's notice by email at: admin@asfe-expat.com

After 6 months, in the following cases:

- your employer has introduced a mandatory plan,
- your expatriation comes to an end and you return to your country of nationality/departure,
- you're enrolled in a local scheme in your country of expatriation.

The termination will take effect on the 1st or 15th of the month following receipt of the request.

➤ HOW DOES THE DEDUCTIBLE WORK?

When you enroll in the plan, you have the option of choosing between several levels of deductible. The deductible is the amount you have to pay towards your medical expenses. Over and above this amount, you are reimbursed based on the benefits you selected. It is calculated per insurance year and per plan member.

Once the amount of the annual deductible has been reached, all further medical expenses covered under the plan will then be reimbursed (up to the level of the coverage you selected).

➤ AM I COVERED IF I TRAVEL OUTSIDE MY COUNTRY OF EXPATRIATION?

Yes, **you're always covered for emergencies** if you travel outside your country of expatriation.

We group countries into 5 pricing zones, based on local healthcare costs (see page 14).

You select the zone you want when purchasing the plan.

If you travel to a country in a lower coverage zone than the one you selected, you'll be covered exactly as you would be in your country of expatriation.

If you travel to a country in a higher coverage zone, you'll be covered for emergency care only (accidents and illnesses) for a limited time (see notice).

Enrollment in the HOSPI package:

30 days covered at 100% worldwide (excluding the USA)

15 days covered at 80% in the USA

Enrollment in the HEALTH, HEALTH+ or HEALTH+ CHILD packages:

60 days covered at 100% worldwide

(see information booklet to find out more)

➤ CAN THE WAITING PERIODS BE WAIVED?

Yes. If you previously had insurance with an equivalent level of coverage (in terms of the benefits provided, the reimbursement rate and the coverage limits) the waiting periods for vision and dental care will be waived. However, the waiting period for maternity and psychiatry coverage will still apply.
