# The reason why the International Health Insurance Expat Flexible provides for country and price zones

Due to the fact that, on an international level, costs for medical treatments vary from country to country, the Expat Flexible product provides for two country zones. This allows us to offer our customers the utmost level of fairness with respect to the amount of insurance premiums according to their living conditions.

# Important information on country zones and insurance cover when changing country of stay

Each country is assigned to a zone. Zone 1 is the cheapest treatment region and zone 2 is the most expensive.

**For example:** If you are planning to stay in Brazil, your insurance premium will be based on zone 2. Since this is the highest possible zone in terms of the premium category, you can also receive treatment in all zone 1 countries without any problems. As a zone 2 premium payer you are also automatically insured in all other zone 2 countries (e.g. United Kingdom, Thailand or Singapore).

For persons insured in zone 1, a particularity shall apply. In cases of emergency, you shall also be covered in countries belonging to a higher category for a maximum of 42 days per insurance year during holiday or work-related stays.

**For example:** You are a resident of France (zone 1), but you are currently on holiday in Mexico (zone 2) when you become acutely ill and have to go to a hospital. Then you also have insurance coverage there for a maximum of 42 days, calculated from the date of entry.

**During your stay abroad, you change the country zone,** for instance, moving from Spain (zone 1) to Brazil (zone 2)? This is no problem. Prior to entering the new host country, you simply have to give us notice of your change of the country zone and we will then adjust your monthly insurance premium.

You plan to stay in several countries belonging to different country zones? You are recommended to select the country zone of the country of the highest category from the very beginning. Example: During your world trip, you plan to travel to Brazil (zone 2), to the Philippines (zone 1) as well as to Thailand (zone 2)? The best choice would be to select zone 2 from the very start. Then, you will in any case also enjoy insurance coverage in the countries belonging to the highest zone (for instance in Singapore during a transit stop).

# Art.5 Subject Matter of Insurance Coverage and Volume of Insurance Benefits

Unless otherwise provided for, the following shall apply:

- Insurance coverage can be derived from the confirmation of cover, these Insurance Terms and Conditions, the selected product and the statutory provisions applicable in the Federal Republic of Germany.
- 2. An insured event shall consist in the medically necessary treatment of an insured person due to illness or consequences of an accident. The insured event shall come into being upon the start of the medical treatment and end as soon as the need for treatment ceases to exist according to medical assessments. In the event that the medical treatment must be extended to a disease or to consequences of an accident having no causal connection to the initially treated illness, a new insured event shall be deemed to have come into being.
- To the extent that the respective product provides for corresponding benefits, insured events shall also include:
  - a) medical treatments inclusive of pregnancy examinations and treatments, always provided that the pregnancy did not yet exist at the start of the insurance relationship of the insured person, as well as treatments due to miscarriage:
  - b) medically necessary pregnancy treatments due to acute symptoms and treatments due to miscarriage as well as medically necessary abortions and childbirths until the end of the 36th week of pregnancy (preterm delivery), even if the pregnancy already existed at the start of the insurance relationship of the insured person, always provided that a need for treatment did not exist at that time;
  - c) childbirths after expiry of the product-specific qualifying period;
  - d) outpatient examinations for early detection of diseases according to statutory programmes in Germany (targeted preventive checkups);
  - e) death
- 4. Depending on the insured product, the Insurer shall pay compensation for acutely and unforeseeably occurred insured events during the stay in the area of applicability agreed upon.
- 5. Kind and amount of the insurance benefits can be derived from these Insurance Terms and Conditions and the product selected in each case.
- 6. In the area of applicability agreed upon, the insured person may choose between legally recognized and licensed physicians, dentists, alternative practitioners and midwives who are registered in the visited country, always provided that they charge their fees according to the official fee schedule, if any, valid at the time being for their professional group or charge the locally customary fee.
- 7. Pharmaceutical products, bandages and remedies as well as aids and appliances must have been prescribed by the treating persons indicated in the Insurance Terms and Conditions Part I, Art. 5 paragraph 6, and pharmaceutical products must furthermore be purchased in pharmacies. Pharmaceuticals shall not, even not if medically prescribed, include nutriments, tonics, mineral water, disinfectants, cosmetic products, diet food and baby food and the like.
- 8. In the event of a medically necessary inpatient hospital treatment, the insured person may choose among public and private hospitals which are permanently managed by physicians, have sufficient diagnostic and therapeutic possibilities, record and keep medical histories and do not offer spa or sanatorium treatments and do not accept reconvalescents. Insurance coverage shall exist for the general care class (multi-bed room) without optional services (private medical treatment), unless otherwise agreed upon with respect to the specific product.
- 9. In the event of medically necessary treatments in hospitals which also provide spa or sanatorium treatments or accept reconvalescents, but otherwise comply with the requirements set forth in the Insurance Terms and Conditions Part I, Art. 5 paragraph 8, product-specific insurance benefits shall be provided only if the Insurer has given its written consent in this respect prior to the start of the treatment. - 10. Within the scope of the insurance contract, coverage shall exist for examination or treatment methods and medicines which are largely recognized in traditional medicine. In addition, methods and medicines which proved to be successful in practice or which are used for lack of traditional medical methods or pharmaceuticals shall be covered; the Insurer may, however, reduce its payments to the amount which would have been charged if traditional medical methods or pharmaceuticals had been applied.
- 11. Within the agreed volume, the Insurer shall pay for transfer and funeral expenses if the death of an insured person is due to an insured event.
- Coverage shall, within the agreed volume, exist for additional costs arising for medically necessary and prescribed return transports to the nearest suitable

hospital in the home country or at the place of the permanent residence of the insured person. A return transport shall be deemed to be necessary from a medical point of view if it can be shown that a sufficient medical treatment and care in the area of applicability agreed upon cannot be guaranteed and the physician appointed by the Insurer endorses the return transport. Costs for a co-insured accompanying person shall be reimbursed by the Insurer to the extent that such company is medically necessary, has been ordered by public authorities or is required by the acting transport company.

  - a) diseases and ailments inclusive of their consequences already existing and known at the time of the commencement of the insurance coverage. Apart from that, the consequences of those diseases and accidents which were treated during the last six months prior to the commencement of the insurance coverage shall not be covered;
  - b) spa treatments and treatments in sanatoriums as well as rehabilitation measures of the statutory rehabilitation providers;
  - c) treatments during a stay in a health resort or spa, also if the insured person stays in a hospital there. The restriction shall not apply if the insured person has his or her permanent residence at that place or becomes unable to work during a temporary stay due to an acute disease incurred independently from the purpose of the stay or due to an accident occurring at that place as long as said acute disease or accident makes a departure impossible from a medical point of view. Furthermore, the restriction shall not apply if and to the extent that the Insurer has given its written consent to benefits prior to the start of the stay:
  - d) a treatment or accommodation based on infirmity, a need for care or custody;

  - m)treatments due to those diseases inclusive of their consequences, which occur because protective vaccinations recommended by the World Health Organisation or prescribed by law were omitted, unless such vaccinations were precluded for medical reasons. As a precondition, the Insurer must have informed the Party Entitled to be Insured and the insured person prior to the occurrence of the insured event about those treating persons whose invoices will not be reimbursed. If an insured event has occurred prior to said notice, the costs incurred for treatments by the respective treating person must be reimbursed according to insurance benefits provided for in the respective product for a period of not more than three months as from the date of such notice.

At Sietenhet-ins Ausland!

- 4. If medical treatments or other measures for which benefits were agreed upon exceed the medically necessary extent or in the event that the claimed remuneration is not adequate when compared with local customary practices, the Insurer shall be entitled to reduce its payments to a reasonable amount.
- 5. In the interest of all parties involved, applicable international sanction regulations will be followed. The Insurer is not obliged to provide insurance coverage or to cover any loss or to provide any other service under this agreement if the provision of such insurance coverage, the payment of such loss or the provision of such service would subject the Insurer to any sanction, prohibition or restriction under United Nations resolutions, under trade or economic sanctions, under laws or regulations of the European Union or the United Kingdom, or under sanctions of the United States of America.

#### Art.7 Obligations and Consequences of their Infringement

- 1. After an insured event has occurred, the Policyholder, the Party Entitled to be Insured and the insured person shall be obliged

- 11. If the Policyholder, the Party Entitled to be Insured or the insured person intentionally fails to comply with one of the obligations contractually agreed upon, the Insurer shall not be obliged to make payments. In the event of a grossly negligent violation of obligations, the Insurer shall be entitled to reduce insurance payments in proportion to the severity of the negligence of the Policyholder, the Party Entitled to be Insured or the insured person. The burden of proving that gross negligence has not occurred shall lie with the Policyholder, the Persons Entitled to be Insured or the insured person.

  - a) original supporting documents for payments actually made which show the surname, Christian name and date of birth of the treated person, the name and address of the treating person, the name of the disease, the description of the services rendered by the treating person as to kind, place and period of the treatment. In the event that medical treatment expenses are covered by another insurance and said other Insurer is claimed on first, copies of the invoices with refund endorsements shall be sufficient to give evidence in this respect. - Additional costs arisen because the Insurer remits amounts to a foreign country or because special transfer methods were agreed upon may be deducted from the insurance payments.
- 4. Claims for insurance benefits must not be assigned or pledged.
- 5. Within the framework of the examination of insurance benefits payable for an insured event it may become necessary that the Insurer collects personal health data to the extent permitted by law. In the event that the Party Entitled to be Insured or the insured person culpably fails to permit such data collection and no other opportunity to examine the claimed payments is made possible and, as a result, the Insurer is not able to finally determine the amount and volume of its payment obligation, payments shall not become due.
- 6. One month after having given notice of the insured event, the minimum amount to be paid on the merits of the case may be claimed as down payment. Passage of time shall be suspended as long as the Insurer is prevented from examining the claims due to a fault of the Policyholder, the Party Entitled to be Insured or the insured person.
- Claims arising from this group insurance contract shall be subject to a limitation period of three years. The limitation period shall commence upon expiry of the year during which the respective payment can be requested.

In the event that the insured event is, within the framework of this group insurance contract, at first reported to the Insurer, the latter shall make an advance payment and contact the other Insurer for cost-sharing purposes directly.
- 2. The claims of the Policyholder, the Party Entitled to be Insured or the insured person against third parties shall to the extent permitted by law be assigned to the Insurer if the latter has paid compensation for the damage or injury. To the extent necessary, the Policyholder, the Party Entitled to be Insured or the insured person shall be obliged to provide the Insurer with a declaration of subrogation, if necessary. ## **EXPLANATIONS**

# concerning the particularities of a group insurance policy and the duties according to the German Insurance Contract Act (VVG)

#### The particularities of a group insurance policy

Insurance coverage shall be granted within the framework of a group insurance contract (GIC). The policyholder shall be a company of the BDAE Group (BDAE) and the insurer shall be an insurance company permitted to conduct business operations in Germany pursuant to the German Insurance Contract Act (VAG). The insured person shall be granted insurance coverage by joining the group. Thus, the VVG shall not apply directly and immediately to the relationship between the policyholder and the insured person.

However, the rules from the VVG described in more detail below, in particular Art. 19 to 22, are applied in the legal relationship between the insured person and the policyholder (BDAE), which you confirm by your signature.

In compliance with the requirements of the supervisory authority, the GIC provides for some improvements of the legal situation of the insured person:

- In derogation from Art. 44, paragraph 2 WG, the insured person may assert claims directly towards the insurer of the GIC.
- In derogation from Art. 35 WG, the insurer shall not be entitled to set-off against claims not attributable to the insured person.
- The insured person shall be provided with any and all information usual pursuant to Art, 7 WG and the WG Decree on Information Duties.
- The insured person shall be given notice of any change, including a termination, of the GIC.
- The insured person shall hold a right of revocation similar to the one provided for in the VVG.
- Insured persons shall benefit from the principle of equality pursuant to Art. 138, paragraph 2 VAG.

According to the same requirements of the supervisory authority, certain obligations shall likewise apply to the insured persons; in this context, particularly the knowledge of the insured person and his or her behaviour shall be taken into account with respect to the insurance company's payment duties:

# Art. 19, paragraph 5 VVG - consequences of an infringement of the statutory duty to disclose

For enabling BDAE to examine your application properly, you shall be obliged to give true and complete answers to the questions included in the application documents. This shall also relate to circumstances which might be of low importance from your point of view. If there is any information you do not want to disclose towards the intermediaries, please send it in text format directly to the BDAE without any delay. Please note that you put your insurance coverage at risk when giving incorrect or incomplete information. For more details about the consequences of an infringement of the duty of disclosure, reference is made to the information following hereinafter.

#### What are your pre-contractual duties of disclosure?

By the time when you make your contractual statement, you shall be obliged to give true and complete notice of any and all risk-relevant circumstances known to you and requested by us in text format. Risk-relevant circumstances are defined as circumstances relevant for the decision of BDAE to conclude the contract with the contents agreed upon. In the event that, after your contractual statement, but prior to the acceptance of the contract, BDAE asks you in text format to give information on risk-relevant circumstances, you shall also to this extent be obliged to report.

# What are the potential consequences of an infringement of a pre-contractual duty to disclose?

#### 1. Rescission and loss of insurance coverage

If you and/or the person to be insured fail to comply with the pre-contractual duty of disclosure, BDAE may rescind the contract, unless you are able to

show that you did not infringe the duty of disclosure either intentionally or with gross negligence. In the event of a grossly negligent infringement of the duty to disclose, BDAE shall not be permitted to rescind the contract if the contract would also have been concluded in case of knowledge of the undisclosed circumstances, even if such conclusion would have been made subject to other conditions. If the contract is rescinded, there will be no insurance coverage. If BDAE rescinds the contract after occurrence of an insured event, BDAE shall nevertheless be obliged to pay, always provided that you are able to show that the undisclosed or incorrectly disclosed circumstance was neither the cause of the occurrence or determination of the insured event nor the cause of the determination or extent of the payment obligation related thereto. If you fraudulently infringe the duty to disclose, there shall be no payment obligations at all. If BDAE rescinds the contract due to an infringement of the duty of disclosure, the insurance premium must nevertheless be paid until the date when the rescission becomes effective.

#### 2 Termination

If BDAE cannot rescind the contract because you did not infringe the pre-contractual duty of disclosure either intentionally or with gross negligence, the contract may be terminated with one month's notice. A right of termination shall be excluded if the contract would also have been concluded in case of knowledge of the undisclosed circumstances, even if it would have been made subject to other conditions.

#### 3. Contract amendment

If BDAE cannot rescind or terminate the contract because the contract would also have been concluded in case of knowledge of the undisclosed risks, even if under different conditions, such other conditions shall, upon request of BDAE, retroactively become part of the contract in the event that you have negligently infringed your duty to disclose. In the event that the premium increases by more than 10 % due to the contract amendment or if BDAE excludes coverage of the risk related to the undisclosed circumstance, you may terminate the contract without notice within a term of one month after receipt of the notice on the contract amendment. BDAE will draw your attention to such right.

#### 4. Exercise of the rights of the BDAE Group (Art. 21 VVG)

BDAE may assert its rights of rescission, termination or contract amendment in writing within a term of one month. Such term shall start at the time when BDAE gets knowledge of the infringement of the duty of disclosure underlying the right asserted by it. When exercising its rights, BDAE shall indicate the circumstances upon which it relies when asserting its rights. For substantiation purposes, BDAE may subsequently indicate additional circumstances if the term according to sentence 1 has not yet lapsed. BDAE shall not be able to rely on the rights of rescission, termination or contract amendment if BDAE was aware of the undisclosed risk or the incorrectness of the rendered information. The rights of rescission, termination and contract amendment shall become time-barred upon expiry of three years after contract conclusion. This shall not be applicable to insured events occurring prior to the expiry of said term. The term shall be extended to ten years if you infringed your duty to disclose intentionally or fraudulently.

#### 5. Wilful deception (Art. 22 VVG)

The right of BDAE to contest the contract due to wilful deception shall remain unaffected.

#### 6. Representation by another person (Art. 20 VVG)

If, at the time of contract conclusion, you have yourself represented by another person, both the knowledge and fraudulent behaviour of your representative and your own knowledge and fraudulent behaviour shall be taken into account with respect to the duty of disclosure, a rescission, termination, contract amendment or the limitation period for the exercise of the insurer's rights. You may rely on not having infringed the duty to disclose intentionally or with gross negligence only if the absence of intentional and grossly negligent behaviour relates both to your representative and to yourself.

I have taken note of the explanations and agree to the applicability of the listed provisions of the WG to the group insurance contract.

## **Supplementary Service:**

# PATIENT LEGAL EXPENSES INSURANCE FOR BDAE CLIENTS

In addition to your overseas health insurance, BDAE has concluded for you a patient legal expenses insurance for foreign countries without charge. Said insurance shall **provide protection against medical treatment and medical advice errors**. Thanks to the cooperation between BDAE and ARAG, said patient legal expenses coverage shall be available for you on a worldwide basis.

#### What is Insured?

The insurance policy shall become applicable whenever physicians or medical staff have committed treatment errors causing harm to you in any manner. True, the relationship between physicians and patients is based on confidence. Nevertheless, also medical professionals may make mistakes. In such events, it is often particularly difficult for patients to get justice when involved in a complicated conflict about treatment errors. This is all the more true because patients will in such events usually be forced to hold discussion with the professional liability insurance of the medical professional rather than with the treating physician himself or herself.

- ✓ Legal disputes up to one million Euros each shall be covered on a worldwide basis. Up to this amount, ARAG shall assume all lawyer's and legal costs.
- Upon request, the insurer shall also recommend a lawyer specialised in medical law.
- Access to the ARAG online legal service providing approx. 1,000 legally verified sample letters and documents from various fields of law.
- ✓ Within the framework of ARAG-JuraTel®, lawyers will be available for an initial consultation by phone in order to help you in case of claims for damages or in the event of an alleged criminal offence.
- ✓ Once per calendar year, you will be able to consult a lawyer accredited in Germany in order to prepare or amend an advance health care directive inclusive of an enduring power of attorney; in this context, an amount of up to EUR 250 shall be covered.

# Which Errors are deemed to be Medical Treatment or Advice Errors?

It is not only the much-cited pair of scissors forgotten in the abdomen during a surgical intervention that must be regarded as treatment error. To give only one example, such errors also include a faulty advice on the dosage of a medicine. Hence, an inappropriate, particularly a careless, improper or delayed treatment of a patient by a physician shall be regarded as treatment error. If a physician has failed to inform a patient about the necessities and risks of a treatment, such failure shall be regarded as **medical advice error** – also covered by this insurance. All this shall not only apply to physicians, but also to hospital staff, psychotherapists, pharmacists or nursing services. With respect to the patient legal expenses insurance, all these persons have the same status as physicians.

#### **About ARAG**

ARAG is the largest family-owned company in the German insurance sector and considers itself as versatile quality insurer. Apart from its focus on legal expenses insurances, it also provides its customers in Germany with attractive need-based products and services under one roof in the fields of composite services, health and prevention. Operating in a total of 17 countries, inclusive of the USA and Canada, and offering a range of legal expenses insurances and legal services, ARAG furthermore holds a leading position in many international markets via its international branches, companies and shareholdings or interests. With its more than 4,000 employees, the group generates sales and premiums in a volume of more than EUR 1.6 billion.BDAE has been cooperating with the company since 2008. ARAG and BDAE have jointly developed the first legal expenses insurance for overseas stays that applies on a worldwide basis.

I/we hereby agree that the BDAE Expat GmbH as well as the companies of the BDAE Group (BDAE) appointed for this purpose by the BDAE Expat GmbH collect, use, store and process my/our health data. In case of claims, it may become necessary for BDAE to collect, use, store and process additional health data. For this purpose, too, I/we give my/our consent.

I have taken note of the privacy information and the privacy statement of the BDAE.

In the event that I/we want to include third parties (e.g. tax advisors, insurance intermediaries, human resources departments) into the communication held with the BDAE, I/we will grant such persons the corresponding approvals pursuant to Articles 7 & 9 GDPR and, where appropriate, issue the required releases from secrecy.

# RELEASE FROM SECRECY

In addition to the consent to the collection, use, storage and processing of my/our health data, I/we have to grant a release from secrecy in order to enable all parties/institutions to answer the questions they will be asked in connection with health data. This applies to the application procedure as well as to the application for a benefit and the review of an insured event. The confidentiality of such data is protected via the General Data Protection Regulation (GDPR - Articles 7 & 9) and the German Penal Code (Section 205 StGB).

The review of data only takes place to the extent necessary for handling and processing the application or, as the case may be, the insured event.

I/we have already agreed that the BDAE Expat GmbH and the companies of the BDAE Group (BDAE) appointed for this purpose by the BDAE Expat GmbH collect, use, store and process my/our health data. I/we now agree that the BDAE may make inquiries in order to review the application for admission to the insurance scheme, assess the risk and/or review an insured event by consulting physicians, hospitals and other health institutions, nursing homes and caregivers, other personal insurers and statutory health insurance schemes as well as trade associations and authorities.

I/we hereby release the aforementioned persons and employees of the aforementioned institutions from their duties of secrecy relating to my/our health data reliably collected and stored on the basis of examinations, consultations, treatments as well as insurance applications and insurance contracts in a period of up to ten years prior to the date when the application was filed with the BDAE.
