

All Risks Event Insurance from Circles Group

The Show Must Go On!

But sometimes, it can't... Organizing an event can be a complex and time consuming process with large financial commitments at stake. When an event gets unexpectedly cancelled or an accident occurs, the financial and reputational consequences can be detrimental to the event organizer and their principals. A performer may become ill and have to cancel their tour; festivals have been cancelled due to severe storms causing consequential damage to equipment, or even injuring the public; events have been cancelled due to terrorism and security concerns; a sudden strike by employees could cause major loss of public attendance at a fair; and despite great planning by an organizer, circumstances occur beyond the events control.

At Circles Group, we've been insuring events for over 20 years. Our All Risks Event package policy is designed to protect your event from a cancellation, postponement, relevant extra costs and legal issues arising from a whole host of exposures no matter where in the world the event is held. By combining all required insurance coverages into 1 comprehensive, competitively priced policy, we are supporting every step of your way to success. We make things easy for you to get on with your event without worry or hassle. The future is nothing to fear!
